Alec Scully

Hays

SUBJECT: Application for Senior Healthcare Superintendent at Hays

Dear Alec Scully,

I am writing to express my keen interest in the Senior Healthcare Superintendent position for your client, a leading general contractor in the Southeast, as advertised on LinkedIn. With over 10 years of experience leading complex, mission-critical projects in highly regulated industries, including healthcare, my background in operational leadership and compliance aligns directly with the requirements of this role.

My career has provided me with direct experience managing projects for healthcare clients, including San Rafael Hospital and Las Americas Clinic. In these roles, I led initiatives such as medical imaging integrations and surgery event management systems, requiring close coordination with clinical staff and adherence to strict operational protocols to ensure patient safety and data integrity. This background has given me a deep appreciation for the unique demands of the healthcare environment.

Throughout my career, I have been responsible for the end-to-end execution of large-scale projects, consistently managing schedules, budgets, and quality standards while ensuring compliance. My adaptive approach to project management and proven ability to lead and mentor large teams (+100 personnel) are directly transferable to overseeing on-site operations and enforcing critical safety standards like ICRA and OSHA. I am confident in my ability to quickly master AHCA regulations and serve as a reliable point of contact for all stakeholders.

I am eager to apply my extensive project leadership experience to the physical construction space and contribute to your client's reputation for excellence. Thank you for your time and consideration.

Sincerely,

Sebastian Ochoa Alvarez
