SUBJECT: Application for Deployment Project & Change Manager at CEVA Logistics

Dear CEVA Logistics Hiring Team,

I am writing to express my keen interest in the Deployment Project & Change Manager position at CEVA Logistics, which I discovered on LinkedIn. With over 10 years of experience leading large-scale technology deployments and driving organizational change, I am confident that my background aligns perfectly with the requirements of this role.

My career has been focused on managing the end-to-end lifecycle of complex technical projects across diverse industries, including those with significant logistics and supply chain components. I am an expert in adaptive project management, utilizing both Agile and traditional methodologies to guide cross-functional teams—spanning IT, Operations, and customer stakeholders—toward successful implementation. I excel at developing and executing detailed project plans, managing risks, and ensuring adherence to governance and reporting standards.

A core component of my expertise is owning the change management strategy to ensure smooth transitions and high user adoption. I have a strong record of driving stakeholder engagement, conducting readiness assessments, and creating communication plans that resonate from on-site teams to senior leadership. My goal is always to minimize disruption and maximize the value of new technology deployments by ensuring teams are prepared, trained, and supported throughout the process.

I am particularly drawn to CEVA Logistics' role as a global leader in the supply chain industry and am eager to apply my skills in project and change management to support the deployment of your Manhattan IT stack.
