Dear Velera Hiring Team,

I am writing to express my keen interest in the Manager, Product Technology Delivery position. With over 15 years of experience leading technical teams in the delivery of complex data-driven solutions, my background aligns closely with the requirements of this role.

My career has been focused on mentoring and managing high-performing data and software development teams, a core responsibility outlined in your job description. I have a strong technical foundation in modern data engineering, including extensive hands-on and leadership experience with cloud platforms like Azure, AWS, and GCP, and data warehousing technologies such as Databricks and Snowflake.
