Subject: Application for Project Management Governance and Standards Role - Driving Innovation at Disney

Dear Hiring Manager,

Driven by Disney's innovation and guest experience commitment, I'm eager to apply for the Project Management Governance and Standards role. My expertise in establishing project governance, driving process improvements, and aligning projects with strategic goals strongly matches your requirements.

My qualifications include:

- **Expert Project & Program Management:** Establishing governance, process improvement, and strategic alignment (Globant, Mango-soft, Tipi, itBigBoss).
- **Agile & Waterfall Proficiency:** Leading projects with Scrum, Kanban, Waterfall, and hybrid methods.
- **Data-Driven Reporting & Analysis:** Using Tableau/PowerBI for executive-level insights.
- **Technical Leadership & Team Management:** Leading large technical teams, with cloud/IT infrastructure knowledge.
- **Tool Proficiency:** Expert in Jira, Confluence, MS Office for efficient project delivery.

My technical background and certifications (SAFe 6 Agilist, A-CSM) enable me to manage complex projects. I'm excited to contribute to Disney's magical experiences.

Thank you for your consideration.

Sincerely,

Sebastian Ochoa A.
