Westwood Hiring Team

Westwood Professional Services

SUBJECT: Application for Senior Project Manager, Renewables at Westwood Professional Services

Dear Westwood Hiring Team,

I am writing to express my strong interest in the Senior Project Manager, Renewables position at Westwood Professional Services, as advertised on LinkedIn. With over 10 years of experience managing complex, large-scale technical projects and client portfolios, I am confident that my skills in strategic planning, team leadership, and financial oversight align perfectly with the requirements of this role.

Throughout my career, I have taken full accountability for project success, from initial proposal and contract negotiation to final delivery and support. My experience includes managing portfolios for clients like Royal Caribbean and Dick's Sporting Goods, where I was responsible for strategic alignment, revenue targets, and building strong stakeholder relationships. I have a history of leading cross-functional, global teams of over 100 professionals, fostering collaboration and ensuring project objectives are met on time and within budget.

My background in managing diverse technical projects—spanning cloud infrastructure, hardware/software integrations, and AI-driven solutions—has honed my ability to quickly adapt to new industries and technologies. I am adept at leading issue resolution, managing risk, and overseeing project financial metrics to ensure profitability and strategic success. My approach is adaptive and innovative, and I am eager to apply my leadership and project management expertise to contribute to Westwood's success in the sustainable energy future.

Thank you for your time and consideration. I look forward to discussing how my experience can benefit your team.

Sincerely,

Juan F. Gonzalez
