Presidio Hiring Team

Presidio

SUBJECT: Application for Senior Project Manager, Cloud at Presidio

Dear Presidio Hiring Team,

I am writing to express my strong interest in the Senior Project Manager, Cloud position at Presidio, as advertised on LinkedIn. With over 10 years of experience managing complex, enterprise-level cloud and digital transformation projects, my background aligns perfectly with the requirements of this role and Presidio's reputation as a trailblazer in technology solutions.

In my recent role as a Senior Project Manager, I have successfully led end-to-end delivery for clients in the Financial Services, Retail, and Healthcare industries. My expertise is centered on driving complex cloud initiatives on AWS, GCP, and Azure—from infrastructure builds and application migrations to implementing DevOps processes. I excel at serving as the consultative leader and strategic liaison between technical teams and executive stakeholders, translating complex project execution into clear business outcomes and decision-ready insights.

My experience includes leading global teams in Agile (SAFe, Scrum, Kanban) and Waterfall environments and leveraging tools like Jira, Confluence, and MS Project to ensure projects are delivered on time and within budget. I also have a strong background in delivering next-generation AI solutions, which I believe is highly relevant to Presidio's focus on innovation.

My resume provides further detail on my qualifications, including my certifications in SAFe, Scrum (A-CSM), and cloud technologies. I am confident that my adaptive project management approach and commitment to driving client success make me an ideal candidate for your team.

Thank you for your time and consideration. I look forward to discussing how I can contribute to shaping the future with Presidio.
