Glory Grace Binuya

Bayforce

**SUBJECT:** Application for Technical Project Manager at Bayforce

Dear Glory Grace Binuya,

I am writing to express my strong interest in the Technical Project Manager position I discovered on LinkedIn. As a results-driven project manager located in Orlando, FL, with over 10 years of experience leading complex IT initiatives, I am confident that my skills and background align perfectly with the requirements of this role.

My career has been focused on the end-to-end delivery of digital platforms and modern applications, leading cross-functional, globally distributed (onshore/offshore) teams for enterprise clients in retail, travel, and finance. I am an expert in adaptive and Agile (SAFe, Scrum) methodologies, consistently delivering projects within scope, budget, and quality standards while fostering strong collaboration between business and technical stakeholders.

The required technical exposure to Azure Cloud, React, and Node.js mirrors the environments I have successfully managed. I am highly proficient in using project management tools, including Azure DevOps and Jira, to plan, track, and report on project progress, ensuring complete transparency and alignment.

Furthermore, my extensive project experience in restaurant, retail (Dick's Sporting Goods), and franchise (Bodytech) environments has provided me with valuable industry-specific insights that I am eager to bring to your team. I excel at translating complex requirements into actionable plans and driving projects to successful completion.

Thank you for considering my application. My resume is attached for your review, and I look forward to discussing how my experience can benefit your client.

Sincerely,

Andres Jimenez
