SUBJECT: Application for Scrum Master / Delivery Lead at Acumen Fiscal Agent

Dear Hiring Manager,

I am writing to express my keen interest in the Scrum Master / Delivery Lead position at Acumen Fiscal Agent, as advertised on LinkedIn. With over 10 years of experience in leading Agile delivery for complex technology projects, I am confident that my skills in facilitation, process improvement, and stakeholder management align perfectly with the requirements of this role.

In my previous roles, I have been responsible for leading all Agile ceremonies, removing impediments, and serving as the crucial link between technical and business teams. I have a strong background in delivering data-centric and automation projects, such as implementing data warehouses and BI/analytics for a major bank and deploying AI-powered test automation for a leading e-commerce retailer. My focus has always been on tracking key metrics like velocity, throughput, and adoption to drive continuous improvement and ensure timely, high-quality delivery.

My certifications, including Certified SAFe Agilist (SAFe), Advanced Certified ScrumMaster (A-CSM), and Certified ScrumMaster (CSM), underscore my commitment to Agile principles. I am passionate about fostering an environment of collaboration and urgency, and I am drawn to Acumen's mission of helping people lead independent lives through innovative services. I am eager to bring my experience to your team and contribute to your success.

Thank you for considering my application. I look forward to discussing how I can add value to Acumen Fiscal Agent.

Sincerely,

Sebastian Ochoa Alvarez
