SUBJECT: Application for Project Manager at Universal Studios Orlando

Dear Garrett DeLanoy,

Thank you for reaching out regarding the Project Manager opportunity at Universal Studios Orlando. I am very interested in this hybrid role, which aligns perfectly with my extensive experience in leading complex technical projects. My background includes high-level leadership on multi-project deliveries, developing cost-benefit analyses, and communicating to executive committees, all responsibilities highlighted in the job description.

My 10+ years of experience in program management, including defining project governance and managing financial concerns, along with expertise in AI-driven and cloud-based solutions, strongly positions me for this role. I excel at utilizing and communicating technical components of an initiative to diverse stakeholders, a key qualification for this position.

Regarding your questions:

I am available to start a new position as soon as possible.

I am open to discussing pay expectations.

I am legally able to work in the US and do not now, nor will I in the future, require sponsorship.

I am able to work on a W2 basis and am willing to consider both contract and contract-to-direct roles.

I have attached my updated CV for your review and look forward to discussing how my skills and achievements can contribute to Universal Studios Orlando's initiatives.

Best regards,

Sebastian Ochoa
