### **PROFESSIONAL EXPERIENCE**

#### **Project Manager**

08/2021 - 07/2025

**Globant**, Medellin, Colombia

*A digitally native company offering AI-powered software development and consulting services to global enterprises, reinventing business through technology.*

- Led project planning for a Royal Caribbean guest app, optimizing resource allocation for 3 offshore teams, ensuring timely delivery of new features.
- Conducted scenario planning and risk analysis for Dick's Sporting Goods' e-commerce platform, improving performance by 40% through optimized project execution.
- Managed project schedules and costs for a 150+ person banking program, implementing robust KPI/OKR tracking to monitor progress and report to stakeholders.
- Directed the full project lifecycle for a new AI-driven product for British Airways, from RFP analysis and planning to release and support.

#### **Technical Project Manager**

01/2020 - 07/2021

**Mango Soft**, Miami, FL

*A software consultancy specializing in custom solutions for the healthcare and media industries, focusing on cloud and data services.*

- Directed project planning for healthcare systems, integrating medical imaging (DICOM) and patient data (HL7 V2) for multiple Colombian clinics and hospitals.
- Managed the development schedule and resource plan for a surgery event tracking board, improving operational visibility and communication for hospital staff.
- Oversaw end-to-end project delivery of a voice-to-text application for doctors, ensuring compliance with healthcare data standards and on-time launch.

#### **Technical Project Manager**

01/2019 - 12/2019

**TIPI**, Medellin, Colombia

*A technology firm developing integrated hardware and software solutions for public safety and healthcare sectors.*

- Planned and executed the deployment of a bodycam system for law enforcement, managing schedules and resources for over 3,000 devices across multiple cities.
- Led project planning for a nurse-call system in 10+ hospitals, optimizing timelines and resources to meet strict implementation deadlines and improve response times.
- Managed the project lifecycle for RFID asset tracking solutions in hospitals, improving equipment availability and reducing loss through effective planning.

#### **Technical Project Manager**

08/2012 - 12/2018

**IT Big Boss Software House**, Medellin, Colombia

*A software house that developed and scaled a SaaS POS platform for over 1,000 small businesses in the retail and wellness sectors.*

- Planned and managed the entire software development lifecycle for a POS platform, tailoring features and release schedules for diverse market needs.
- Led project integration plans for third-party hardware and software, including payment processors and accounting apps, ensuring seamless functionality for users.
- Oversaw operational support workflows and release schedules, maintaining high system uptime and customer satisfaction for a 1,000+ business user base.
