Hiring Manager

Tekton Labs

SUBJECT: Application for Scrum Master, Associate, (Remote) at Tekton Labs

I am writing to express my strong interest in the Scrum Master, Associate position at Tekton Labs, as advertised on LinkedIn. With over 10 years of experience leading agile teams and delivering complex technology solutions, my background in facilitating Scrum, Kanban, and SAFe methodologies aligns perfectly with the requirements of this role.

My career has been dedicated to enabling team success and championing continuous improvement. I have extensive hands-on experience facilitating all agile ceremonies for multiple cross-functional teams, resolving impediments, and coaching teams toward greater agile maturity. I have successfully led delivery cycles for CRM projects, including a key Salesforce implementation, and have a deep understanding of navigating regulated industries such as finance and healthcare, where rigorous documentation and process compliance are essential.

My ability to collaborate effectively with Product Owners, technical leads, and business stakeholders ensures that delivery is always aligned with business value. I am passionate about Tekton Labs' mission to build products that improve people's lives and am confident that my skills as an adaptive and results-oriented Scrum Master will make me a valuable asset to your team. I am eager to discuss how I can contribute to your Salesforce-related initiatives.

Sincerely,

Sebastian Ochoa Alvarez
