Theresa Sanchez

Curate Partners

SUBJECT: Application for Scrum Master/Project Manager at Curate Partners

Dear Theresa Sanchez,

I am writing to express my strong interest in the Scrum Master/Project Manager position posted on LinkedIn. With over 10 years of experience in both Scrum and Project Management, and a significant background in the healthcare technology sector, I am confident I possess the skills and expertise your client is seeking.

My career has been focused on leading teams to successfully deliver complex products, particularly within healthcare environments where I've managed projects involving EMR integrations, DICOM imaging solutions, and HL7 standards. I excel at facilitating Scrum ceremonies, driving continuous improvement, and motivating teams to meet milestones and deadlines.

In my previous roles, I have been responsible for managing initiative budgets, defining key performance metrics, and providing clear progress reporting to executive business partners. My experience includes facilitating partnerships with external suppliers to ensure seamless delivery. I am adept at using tools like Jira and Confluence to maintain transparency and efficiency.

I am a Certified ScrumMaster (A-CSM, CSM) and hold certifications in project management and cloud technologies, making me well-equipped to manage the full lifecycle of product development. I am eager to bring my adaptive approach and dedicated experience to your client's team.

Sincerely,

Sebastian Ochoa Alvarez
