Lauren Cast

Brooksource

SUBJECT: Application for Project Manager at Brooksource

Dear Lauren Cast,

I am writing to express my strong interest in the Project Manager position advertised on LinkedIn. With over 10 years of experience leading complex technology application and integration projects, particularly within the highly regulated financial services industry, my background aligns perfectly with the requirements for driving the Veritex Community Bank Integration efforts.

In my recent role at Globant, I managed large-scale initiatives for clients like Banco de Chile, overseeing governance, risk, and compliance frameworks for projects including datacenter migrations and data warehouse implementations. My expertise includes end-to-end project management, from developing charters and budgets to proactive risk mitigation and escalation. I am adept at fostering collaboration between technical teams, business owners, and senior leadership, ensuring clear communication and alignment on project goals.

I am proficient in both Agile and Waterfall methodologies and expert in using tools like Jira to manage complex dependencies and report progress to executive stakeholders. I am confident that my adaptive leadership style and commitment to delivering high-quality results make me an ideal candidate to contribute to your team.

Thank you for your time and consideration. I look forward to the opportunity to discuss my qualifications further.

Sincerely,

Andres Perez
