Hiring Team

Simplex

SUBJECT: Application for Contract Scrum Master - SW / DevOps Lifecycle at Simplex

Dear Simplex Hiring Team,

I am writing to express my strong interest in the Contract Scrum Master position, as advertised on LinkedIn. With over 10 years of experience leading, coaching, and mentoring software development teams, I am confident in my ability to guide your teams through the complexities of a major acquisition and drive continuous improvement.

My background is rooted in the core principles of Agile and Scrum, reinforced by advanced certifications including A-CSM and SAFe 6 Agilist. I have a substantial track record of facilitating all Scrum ceremonies, effectively removing impediments, and collaborating closely with product owners and stakeholders to ensure alignment with business objectives. My experience spans the full software development lifecycle (SDLC) and includes a strong understanding of DevOps practices, which is critical for fostering efficient, high-performing teams.

Throughout my career, I have successfully managed globally distributed teams, promoting an Agile mindset and leveraging metrics like velocity and burndown charts to track progress and enhance predictability. I am adept at fostering the collaborative, adaptive environment necessary for success, particularly in dynamic situations like the one your organization is navigating.

I am eager to bring my expertise in Agile coaching and process optimization to Simplex. Thank you for your time and consideration. I look forward to discussing how I can contribute to your team's success.
