Glory Grace B.

Bayforce

SUBJECT: Application for Technical Project Manager at Bayforce

Dear Glory Grace B.,

I am writing to express my strong interest in the Technical Project Manager position advertised on LinkedIn. As I am based in the Orlando, FL area, this on-site opportunity is an excellent fit.

With over 10 years of experience leading end-to-end IT projects for enterprise-level clients, my background aligns directly with your requirements. I am highly experienced in managing projects using Azure DevOps and have hands-on exposure to modern technology stacks, including Azure Cloud, React, and Node.js, through my work with clients like British Airways and Royal Caribbean Group.

My career includes extensive project management within retail, restaurant, and franchise-style environments for clients like Dick's Sporting Goods and at IT Big Boss Software House. In these roles, I successfully led cross-functional, onshore, and offshore teams to deliver complex digital platforms and applications, ensuring alignment between business stakeholders and technical teams.

I am confident that my adaptive project management approach and technical acumen would allow me to make a significant contribution to your team. I am eager to discuss how my skills in driving project delivery can benefit your organization.

Thank you for your time and consideration.

Sincerely,

Sebastian Ochoa Alvarez
