Hiring Manager

Holovis

SUBJECT: Application for Project Manager – Location-Based Entertainment (LBE) at Holovis

Dear Hiring Manager,

I am writing to express my enthusiastic interest in the Project Manager – Location-Based Entertainment (LBE) role at Holovis. Your mission to bring world-class immersive experiences to life resonates deeply with my professional background, particularly my experience leading the delivery of guest-facing mobile applications and a Metaverse branch for major clients like Royal Caribbean and Banco de Chile.

With over 10 years of experience managing the full lifecycle of complex, multi-million-dollar software and technology projects, I am adept at translating creative vision into reality. I have a strong track record of leading globally distributed, cross-functional teams to deliver projects on time and on budget. My background includes managing interactive software, mobile app development (iOS/Android), and emerging technologies like AI chatbots and immersive digital environments. I am an Advanced Certified ScrumMaster (A-CSM) and proficient in tools like JIRA, Smartsheet, and MS Project, which are essential for keeping projects on track.

My passion for immersive storytelling and emerging tech, combined with my extensive international team experience and willingness to travel globally for deployments, makes me confident I possess the skills and dedication to excel in this role. I am excited by the opportunity to contribute to the future of immersive entertainment with the Holovis team.

Thank you for considering my application. I look forward to discussing how my experience can help you achieve your project goals.

Sincerely,

Sebastian Ochoa Alvarez
